He Has Two Good Legs BOTH MADE BY MARKS

Although a man may lose both his legs, he is not necessarily helpless. By using artificial legs of MARKS PATENT he can be restored to usefulness. One engraving is from a photograph of a man ascending a ladder. He has two artificial legs substituting his natural ones. With MARKS PATENT Rubber feet with Spring Mattress he can ascend or descend a ladder, balance himself on the rungs, and have his hands at liberty. He can work at a bench and earn good wages. He can walk and mingle with persons without betraying his loss; in fact, he is restored to himself for all practical purposes. With the old method of complicated ankle joints, these results could not be so thoroughly attained.

Over 54,000 made and sent to all parts of the world.

Purchased by United States Government and Many Foreign Governments

Send for **MANUAL OF ARTIFICIAL LIMBS**, containing 384 pages, with 674 cuts. Instructions are given how to take measurements and obtain artificial limbs without leaving home.

HAVE YOUR REAL ESTATE TITLE INSURED BY THE LARGEST INSTITUTION

of its kind in New Jersey. That institution is the Fidelity Union Trust Company. It has its own title plant and with its long experience and unexcelled facilities it does this work with the maximum of speed and at the minimum of cost.

When it insures a real estate title only one charge is made for all the work. There are no monthly or annual premiums to pay. Its policies are sound and liberal, and when you hold one it fully protects you and your heirs in case a flaw is subsequently discovered in your title. While you think of it, call, write or telephone
